

The crew in Philadelphia includes: George Bunker, Dave Fentress, Christopher Carbone, Jack Bailie, (back row) Kevin Meurer, Ron Gould, Brian Lord, Donavan Gonzalez, Jeremy Orr, and Mike Lawhorne.

The team in Philadelphia has decades of combined experience in the environmental and emergency response field. They cover many northeastern states for the railroad, as well as travel nationally for large incidents. Marion is excited that this experienced group has joined our team. Our future plans include more office locations to shrink the gap between Philadelphia and our southeastern offices.

Marion Environmental Inc. is one of the leading providers of environmental consulting, remediation, and emergency response in the southeast. Our goal is to provide cost effective solutions to environmental problems. Making *our* standard, industry standard.

MARION OPENS OFFICE IN PHILADELPHIA, PA

Marion Environmental is pleased to announce our newest satellite office, located in Tullytown, Pennsylvania. Marion built the office around veterans in the emergency response industry. Extensive railroad and hazmat expertise define our management team.

MEI-Philadelphia is in a great location to manage incidents in the northeast. We are thrilled with the site and with the amazing group of professionals who have signed on to the team. As our company continues to grow, we find more and more of the industry's biggest names eager to be part of our special formula. MEI has been setting a new standard for safety, expertise, and professionalism, and we are excited to bolster that reputation even further with the Philadelphia office.

Emergency Response Map

This map shows the one and two hour response times for Marion's offices in the southeast and Pennsylvania. Marion has offices close enough to each other to move equipment and manpower to other locations when necessary.

The Holden-Proefrock Award is awarded to Ron Gould in 2020

Paul Williams, Scott Deutch, Scott Gould, Ron Gould, and David Schoendorfer

On October 15, the Holden-Proefrock Award was presented to Ron Gould at the Marion office in Tullytown. The Association of American Railroads recognized Ron Gould for his many years of service to the railroads as a senior hazmat manager.

The award is a high honor in the railroad world. It has only been given to one other recipient who was not employed by the railroad. The award honors those who have spent years in service of the railroad and have distinguished themselves with their handling of hazardous materials.
